

DUROSOFT

PG4-O

THE PERFECT STARTING POINT FOR CREATING A NATURAL RANGE OF PERSONAL CARE PRODUCTS. DEVELOP INNOVATIVE FORMULATIONS USING THE DUROSOFT® RANGE TO CREATE TAILORED SOLUTIONS SPECIFIC TO YOUR CUSTOMER NEEDS.

Durosoft PG4-O is a low HLB emulsifier for water-in-oil emulsions and water free formulations. It can also be used as a co-emulsifier for

oil-in-water emulsions. Durosoft PG4-O is naturally derived, made from vegetable derived glycerine and sunflower seed oil.
