FILL

A 45% active liquid soap made using 100% RSPO certified segregated sustainable palm kernel oil.

Liquid PK SG - Palm Kernel Oil is fully formulated, cold process, pre-preserved and ready to go. Ideal for manufacturers large or small, hand fill or automate to produce a line of liquid products.

- > Dilute with water to the desired concentration to produce a range of liquid soaps.
- > Low odour provides excellent fragrance lift.
- > Works well with essential oils.
- > Can be thickened with a number of rheology modifiers.
- > Clearly identifiable and segregated throughout the manufacturing chain
- > Permits users to make sustainable palm use claims

**Any marketing claim using RSPO must abide by the regulations and guidelines set by RSPO for more information*

MADE IN ENGLAND

EXAMPLE RECIPE

Here we show you how to simply convert our **Liquid PK SG - Palm Kernel Oil** into a natural handwash.

Follow the steps below to create a range of tailored Liquid soap products using our innovative Liquid Bases.

- > Liquid PK SG - Palm Kernel Oil Soap Base - Add the desired weight
- > Add between 0.3/0.5% fragrance / essential oil
- > Mix together for 10-15 minutes until essential oils are dispersed
- > Whilst stirring, add 20% salt solution - Mix until homogeneous and desired viscosity is achieved
- > Fill into your finished packaging

Open - Simply open the packaging and measure your desired amount of Liquid PK SG - Palm Kernel Oil.

Dilution/Chelating - Using softened / dionised water, dilute your Liquid PK SG - Palm Kernel Oil to preferred dilution. Add your preferred chelate?

Preserve - Add suitable preservative the percentage of which should be noted by the supplier.

Add - Add your Essential Oils / Fragrances of your choice to your liquid base. We recommend adding no more 0.5% to the to maintain clarity.

Mix - Gradually mix the materials together in a suitable container until smooth and homogeneous, approx. 10 - 15 minutes.

Fill - Once finished, fill into your packaging, bottles, or tubs. (always run full stability testing prior to sale / distribution)
